

Rehearsal #: 14
Day/Date: Tuesday, 3/3/15**Location:** Studios 4 & 5
Start: 7:07p **End:** 10:10p**Rehearsal Notes:**

1. Today we reviewed the choreo at the Top of Act II as well as cleaned/reviewed Frank's Apartment, NBC Studio, and Now You Know into Bon Voyage.

General:

1. We are planning on running/working thru Act I on Thursday, 3/5 and any designers/assistants are welcome, please just let stage management know you will be attending so we can have a chair for you.

Scenic:

1. What is the trim of the "Bon Voyage" piece? Scott has staged two tall actors (above 6') to carry Frank on on their shoulders under it and we want to clear headheight for the actor on their shoulders.

Props:

1. Scott would like a phone line that gives Tyler the capability to walk from the piano US in Frank's apartment to the sofa while still holding the phone (he would walk with the base and the receiver).
2. Are the alcohol bottles sanitized? We've started to add water into rehearsals and would like to put water in the bottles for the bartender to pour in 1.1, Bel Air.
3. Can the champagne bottle for Frank's apartment have a cap/cork? It will be opened onstage and poured from.
4. The "Mary" glass is too cracked at this point and now leaks, can we please have a replacement for Thursday?
5. Can we have a rag/gauze for the iodine scene? We are going to have water in the iodine bottle so we need something for the application of it when treating the cuts on the hand prior to the eye splash.

Lighting:
