General Notes
1. Today also went well. We blocked a good chunk of the show, and got a start on some more. We will move forward Sunday polishing those scenes. Energy continues to be high, which seems to be a good thing at this stage in the process. Morale is good.

Prop Notes
1. For the scene starting P.17, we would like for David to be holding/reading a newspaper of some sort. Thanks!
2. We have been working with more beer's being used than the script calls for. The current count is at 6 different times. Can the same ones be used in different scenes?
3. Please see Costume Note #1. Thank you.
