Prop Notes
1. As a specification on the ribbons in Act 1, Scene 3, we would like there to be a lot of them, as they get thrown in the air by the girls to make a big mess. Thank you!
2. We would love there to be the ability to run power onstage, and thus, make the hair dryer and hot glue gun work. Is this possible? Thanks.
3. In Act 1, Scene 1, when the sash is being used, we would love it if we could rig a patch to come off and stick onto David's finger, as he pokes and plays with it. Let us know if this is a possibility. Thank you.
4. In Act 1, Scene 7, when David is watching the Bruins game, we would love for there to be an empty pizza box onstage. Thanks!

Script/Dramaturgy Notes

1. Would it be possible to add a line on page 29, after Liz has entered, where Janet connects that Liz is the mom, who Michelle mentioned, who left Canobie Lake Park early? Stage Management would be glad to clarify if this doesn't make sense.

2. On page 13, we would love if we could add the line "Yeah, Yeah" as David is exiting. This would be after Michelle says "Mm Hmm. Love you". Thanks!
