**PROPS**

1. The confetti (snow) on page 36 will be thrown from the gallery by one person and will ideally not land on the audience.
2. We have a rag that is used to wrap around "Michael" which has a seam that is falling apart. We did a temporary fix, but we would love to have someone with slightly more sewing skills make a sturdier one.
3. Looking forward to our Prop Move tomorrow! We can prep the stuff at 7pm and be down at the loading dock whenever! Just let us know what the plan is.

**COSTUMES**

1. Thank you for joining us today! We love getting new clothes!
2. As we discussed in rehearsal, we will need to have multiple fasteners for the Grusha Shawl, so it can be worn correctly by all.
3. We may need some more hangers for when we have the costume pieces on the set. More on this when we get closer.

**LIGHTING**

1. Thank you for joining us today! Great presentation. Looking forward to having team lighting in rehearsal this week!

**SOUND**

1. In blocking scene 2, we had quite a few questions come up which Courtney would like to talk about in person when you're here.
2. For the wind noises on page 34-36 we have the cast doing a low whistle. Looking forward to hearing your thoughts on how this sounds.
3. We currently have Julian making a great drip sound for the snow melting on pg. 41-42. When you come in this week we'd love to hear your opinion!

**VOCAL COACHING**
