DEPARTMENT NOTES:

SCENIC

1. Thank you for joining us! We love having you here!

PROPS

1. Thank you for the new props!
2. We absolutely LOVE the army cot, and thus we will not need the mattress for the bridge moment. Could we have the white cot looked at for stability instead? If it is deemed as safe, we will have Ben walk across that longways rather than the mattress cot.
3. How many "coins" do we have? Courtney is wondering if we could give a few to audience members every night.

COSTUMES

1. Thank you so much for joining us today! We love having you in!
2. The seam was undone on the hem of the cape. About 5 inches right in the back. We would be happy to bring it to you to have it looked at!

LIGHTING

1. Thank you so much for joining us today!

SOUND

1. We have some thoughts about the Azdak song. We can discuss further tomorrow (at the meeting) or Sunday night.

1. Can we have a discussion about Jonah's billing in the program? He is currently acting as an assistant music director, but we have some questions about wording and composition.
