REHEARSAL SUMMARY

This evening we began with a lovely music rehearsal of *Floatin' Along* and *Plump & Juicy*. We did a very successful stop and start work-thru of pp. 35-79. We were able to identify some blocking moments that need a little more love & attention, but it was great to be able to see a solid chunk of the show strung together.

Scenic:

1. Can the boardwalk/Queen Mary railing be approximately 16' long (ideally from the inside edge of the SR ramp to the inside edge of the SL ramp) and 3' high? Also we'd like to discuss removing the middle horizontal bar for sightline reasons. Let us know how this affects the removeable iron design options. Thanks!
