Scenic

2. Please see Props Note #5.

Props

1. To confirm, when throwing the tray of food, Arlie will throw a carton of milk.
2. Mother uses a spray bottle of water to clean the walls, furniture, etc. (p. 20)
3. We have cut the textbooks and backpack for Arlie with the Principal.
4. Maureen is thinking about the staging of Arlie's break-in. Maybe she is leaving the house from the inside and won't use the trash can. Can we please get a functioning flashlight for Sunday's rehearsal? A guard would use this for the break-in, coming from outside the apartment.
5. We have added a pen for Arlie in the session with the Doctor (p. 20-22). This will be used to doodle on her pants, as well as the furniture (table and stage left chair). She may also try to etch something into the furniture if possible.
6. The larger chair is heavy for the actors to be moving around onstage. This is the one most similar to the real chair, correct? Do we have other options?
7. We have added a manilla folder with Arlie's case file inside for the Doctor (p. 20-22) in addition to her clipboard and pen. Actress Sam will write out this report, and it should be printed on the Prison stationery.

Rehearsal Report #4

8. As I'm sure you're aware, a wheel is missing on the table. It would be great to get this fixed if we do not have another table coming in soon.

9. The cot is fine for our current rehearsals, but we will need something sturdier for the moments of violence. Also, will we be able to get a second bed in the rehearsal room?

Lighting

1. Please see Props Note #4.

Costumes

1. Lauren, are you able to upload the costume renderings to Box? We are also wondering if we can have physical copies in rehearsal.
2. Does Arlie have pockets in her pants for the interaction with the Principal (p.14-15)?
3. The hat Arlie is wearing in her session with the Doctor (p.20-22) is not the same green hat Carl mentions on page 26. The hat Arlie wears is something Carl got for her. It is probably a backwards-worn, men's baseball cap. Arlie takes it on and off in the scene and the Doctor takes it off of her.
4. During the session with the Doctor, Arlie doodles on her pants with pen. Maureen says Arlie may have doodles on these pants already.

Sound

1. No notes at this time, thank you!

Production Management

1. Please see Props Note #8. The wheels on this table are also very lous/squeaky. If we think we'll be using this table for a while in rehearsal, can we quiet down the wheels?
